Dear Parents and Guardians,

Re: Time to Choose - Tuesday Enrichment Awaits!

We are delighted to announce that, after the half-term break, our pupils will have access to an exciting range of new enrichment opportunities. These clubs are designed to extend learning beyond the classroom and to support the development of a wide variety of interests and skills.

This term, we are pleased to introduce several new clubs, including our **Eco Club**, as well as additional opportunities in **sports**, **IT**, and **global and cultural awareness**. We believe these experiences will further enhance pupils' creativity, teamwork, and curiosity.

Below, you will find the attached links for each year group. We kindly ask that you sit with your child to review the options together and encourage them to select their preferred clubs. Please ensure that each option chosen is different. While we will do our best to accommodate everyone's preferences, please note that, due to limited spaces, some clubs will operate on a **first-come, first-served basis**. Kindly fill out the form by Sunday the 19th of October.

Thank you for your continued support in helping us provide enriching and enjoyable learning experiences for our pupils.
