Dear Primary Parents,

Re: Parent-Teacher Meeting Preferences & Upcoming Classroom Open Week

Introduction:

We are exploring the best way to conduct secondary parent-teacher meetings this year. Some schools locally have introduced online meetings and received very positive feedback. Many have continued with this approach and have not reverted to in-person meetings because of the benefits it offers.

Benefits of Online Meetings:

- Flexible scheduling
- No travel time
- Easier for working parents
- Same opportunity to discuss your child's progress
- Appointments stay on time and do not overrun, ensuring following appointments are not missed

Benefits of In-Person Meetings:

- Face-to-face interaction
- Opportunity to visit the school environment

We would appreciate your feedback to help us make the best decision for our school community.

Please complete this survey before 3pm Sunday 16th November

Classroom Open Week: Celebrate Your Child's Learning

- **Sunday 30th November to Thursday 4th December – 2.30pm to 3.00pm**
- **(Tuesday 12.15pm to 12.45pm).**

We know how much parents value seeing their children's work first-hand. Each afternoon during this week, we invite you to visit classrooms, celebrate your child's achievements, and see the wonderful learning that has taken place this term.

Thank you, as always, for your continued support and partnership.

Warm regards,

William Winton
Head of Primary
