Dear Parents and Carers,

Re: Primary Updated Settling-In Reports Now Available

Following our recent communication regarding the settling-in reports, we are pleased to inform you that the formatting issues have now been fully resolved. You are now able to access the complete report, which includes the same assessed levels and attitudes to learning, along with newly added targets for the core subjects. We have also included the grading and level explanation directly within the report so that all information is available in one place. The updated layout is consistent with the format used for last year's end-of-year reports, providing a clearer and more familiar presentation of your child's progress.

Thank you for your patience and understanding while we worked to address this matter. We are delighted to have been able to finalise these improvements ahead of the winter break, ensuring you have everything you need to support your child's learning journey.

William Winton

Head of Primary
