Dear Parents and Carers,

Re: Updated Term 1 Reports

We are pleased to inform you that the updated Term 1 reports will be available by the end of this week via the **iSAMS Parent Portal and App**. Following the publication of the initial reports, we identified an administrative error that resulted in some data being missing for a small number of pupils. This has now been fully resolved, and all reports have been carefully checked to ensure accuracy and completeness.

In addition to the corrected information, we have introduced **curriculum targets for core subjects**. These targets provide clear, subject-specific guidance to help pupils focus on key areas for improvement and continued progress. This enhancement is designed to give both pupils and parents practical steps to support learning throughout the year, making the reports even more valuable as a tool for academic development.

The updated reports maintain the familiar format used previously, ensuring clarity and consistency. Thank you for your patience and understanding while we worked to make these improvements. We are delighted to share these updates ahead of the winter break, giving you everything you need to support your child's learning journey.

Warm regards,

Daniel Allen

Assistant Headteacher
Secondary Data, Assessment & Curriculum
