Dear Parents and Guardians,

Re: School Photograph Sessions – Academic Year 2025–26

We are pleased to inform you that the school will be hosting a professional school photograph session shortly, providing families with the opportunity to purchase official school photographs for this academic year.

The photography sessions will begin in the Primary Phase and will then work progressively through the school to ensure that all pupils are included. During these sessions, individual pupil photographs and class photographs will be taken. These will be made available for purchase following the completion of the sessions.

At a later date, we will invite parents who wish to have a photograph taken of all siblings together to come into school, where we will facilitate dedicated sibling photo sessions. Further details regarding timings and the booking process will be shared nearer the time.

We will confirm the costs and arrangements for purchasing and collecting photographs in a separate communication, should you wish to do so.

We kindly ask that you ensure your child attends school on the scheduled day and is prepared accordingly.

We look forward to sharing these photographs with you and thank you, as always, for your continued support.

Thank you for your cooperation and support.

Kind regards,

Marjan Yousif
Social Media & Marketing Manager
