Dear Parents and Guardians,

Re: School Vaccination Campaign – Missed Vaccinations (Year 9 & 10)

Following the school vaccination campaign conducted by the Ministry of Health at the end of last month, we would like to inform you that some pupils were unable to receive their scheduled vaccinations due to absence or illness.

Parents of **Year 9 and Year 10 students who missed the vaccination** are requested to find the attached **Defaulter Form**, which may be used to complete the required vaccination at the **health centre** corresponding to your home address.

Please note the vaccination schedule is as follows:

- **Year 9 students:** Tdap vaccine and HPV (1st dose)
- **Year 10 students:** HPV (2nd dose)

If your child has already received the above vaccinations **at school** or if you have **previously submitted the vaccination record**, please disregard this message.

Pupils who received the vaccines at school may view their vaccination report through the **SEHATI App**.

For pupils who received the vaccinations **at a private clinic or other health centers**, we kindly request that you submit a copy of the official vaccination record to the school as soon as possible for our records.

If you have any queries, please do not hesitate to contact us.

Thank you very much for your cooperation and continued support in ensuring the health and well-being of our students.

Warm Regards,

Divya Selvaraj

Nurse Secondary
