Dear Parents and Guardians,

RE: Secondary School Day

We hope you and your families are well.

Following the recent period of disruption and the adjusted school schedule implemented during the conflict, we would like to thank you sincerely for your flexibility and support. During this time, several parents shared valuable conversations with us, noting that their children responded positively to aspects of the adjusted schedule, particularly the different lesson lengths. In the spirit of collaboration, and as we look ahead to planning for the next academic year, we would like to invite your wider feedback. Your insights will help us reflect on what we have learned through this period and support thoughtful decisions around school day timings for the year ahead, based on our shared experience and the needs of our students.

In particular, we would appreciate your thoughts on the following areas:

- **The overall length of the school day**
- **The possible continuation of a shorter school day on Tuesdays**
- **Morning drop-off time and its suitability for families**

Any potential changes being considered would be planned carefully and would integrate seamlessly with the Primary School schedule. This alignment is important to ensure consistency across the school, minimize disruption, and avoid inconvenience for families—particularly with regard to significantly different start and finish times for siblings.

Your feedback will play an important role in helping us evaluate what best supports student learning, wellbeing, and family routines as we plan for the next academic year.

Please complete the form ([CLICK HERE](#)) by the end of the day on Sunday 17th May. All responses will be carefully considered as part of our planning process.

Thank you for your continued partnership and trust. Should you wish to share any additional comments, please do not hesitate to contact the school.

Warm regards,

Secondary Leadership team
