

Thursday 5th February 2026

Dear Parents/Guardians,

We are pleased to inform you that the school has completed the professional photography sessions for the Primary Phase. By next week, we will begin the sessions for the **Secondary Phase**, providing families with the opportunity to purchase official school photographs for this academic year.

Please find the attached copy of the schedule.

During these sessions, individual pupil photographs and class photographs will be taken. These will be made available for purchase following the completion of the sessions.

At a later date, we will invite parents who wish to have a photograph taken of all siblings together to come into school, where we will facilitate dedicated sibling photo sessions. Further details regarding timings and the booking process will be shared nearer the time.

We will confirm the costs and arrangements for purchasing and collecting photographs in a separate communication, should you wish to do so.

We kindly ask that you ensure your child attends school on the scheduled day, is prepared accordingly, and is dressed in the formal school uniform rather than the PE kit.

We look forward to sharing these photographs with you and thank you, as always, for your continued support.

Kind regards,

Marjan Yousif
Social Media & Marketing Manager
