Admission Application

The application form must be completed fully and accurately, and the parents'/legal guardian's statement must be signed. All relevant information must be declared including details of disciplinary, social, physical, medical or psychological problems. If we learn that relevant information has not been revealed, any offer of a place may be withdrawn, even if your child has already begun to attend Capital School.

Applications from overseas are occasionally assessed using reports and we regularly call the child's current school for further details.

Academic Assessment

Children who wish to join Capital School Bahrain need to be tested for academic assessment which requires being either physically present in the school on the scheduled date, or taking an online assessment. In the case of the child being unavailable for assessment before the planned start date, a "*conditional offer*" will be made. The assessment must then be taken just before the beginning of term. Please note that a "*conditional offer*" is subject to a successful assessment result. For all years from year 1 upwards, tests of English, Maths and General ability may be given, becoming more formal with the increase of age. For pupils joining us from Year 3 or above who are Arabic nationals, then an assessment of skills in the Arabic language may also be required. Reports from previous schools will be assessed, as will any academic examinations already taken. Assessment fees need to be paid for all pupils, whether or not they pass or fail the assessment (*all fees will be discussed later on this policy*).

Supporting Documents Required

- Original Transfer Letter from pupil's previous school
- Copy of school reports from the previous year of school

Offer of Places

The school will operate an admissions policy whereby pupils will be considered for admission into appropriate classes in the order in which their applications are received.

All applicants are required to sit and pass an academic assessment prior to being offered a place at Capital School.

Applications will be considered from pupils with specific needs outside any mainstream needs on an individual basis. The school will only consider pupils whose emotional, social and learning needs can be met in order that they can access the curriculum and make satisfactory or better progress. This includes those with:

- Mild and moderate hearing loss
- Partial vision
- Restricted mobility
- Difficulties with fine motor control
- Mild learning difficulties or delay.

The school cannot meet the needs of pupils who:

- Place the physical and emotional health, safety and welfare of themselves, and others, at risk due to their behaviour
- Are profoundly deaf, or totally blind
- Have severe behavioral problems

Capital School Policies & Procedures

Admission Structures and Policies

- Have degenerative medical conditions
- Are medically fragile
- Are incontinent
- Have no expressive or receptive language
- Are more than one year behind the expected developmental milestones for their age.
- Parents should notify the school immediately if they no longer wish to take up the place. The place may be allocated to another child if their child is not in attendance at the school by the end of the second week.

Waiting List

If any year the school receives more applications than there are places available, a waiting list will be created until three months after the admission date. Parents will be notified that they have been put onto this waiting list at the time of application.

If the number of applications for admissions exceeds the number of available in any particular year, places will be allocated in accordance with the following criteria:

Pupils will be given priority if they have a sibling, or siblings, currently attending the school on the date of admission. The term 'sibling' means full, step, half, adopted or fostered brother or sister; it does not include cousins.

Number of Admissions

The number of pupils admitted will be determined by the number of classrooms needed, using MoE guidelines. This calculation will be made using a maximum class size suitable for each classroom.

Pupils are admitted to year Groups if they are within the specified age ranges set out in the table below. Children must be the specified age by the cut-off date of 1st September in any year. However, exceptionally we may receive pupils into a year group different to the one suggested by their chronological age if they have just successfully completed an academic year in a comparable setting where they have been placed in a year that does not correlate with our date cut-off points. We will liaise with the Ministry of Education for approval to accommodate this exceptional arrangement.

In addition, for FS1 entry, subject to availability of places, pupils can enter the school at any point in the academic year after their third birthday, providing that they are toilet-trained. If a pupil enters FS1 at any time from January in each academic year, we reserve the right, in collaboration with parents, to insist that the pupil continues in FS1 for a full academic year from the following September if we do not believe that they are ready to be promoted into FS2. Therefore, in exceptional circumstances, for some pupils there is a slight possibility that they may complete up to 5 terms in FS1.
